## From our President

It has been a bit of a challenge to write the last two President's messages. Hopefully, you are all doing well. Our calendar of events has been scratched by recent events, and we are all still in a state of, "Where do we go from here?"

In the last message I mentioned that I had planned on doing some repairs and maintenance on my 2001 E320 4matic Wagon. Replacing the engine mounts in a W210 4matic requires dropping the exhaust system. Since the exhaust system was down, it was the perfect time to inspect the drive shaft flex discs. As you can imagine, the discs needed replaced. Removing the drive shaft to replace the discs revealed a worn-out center support and support bearing. It just goes on and on. At this point, I have over 30 hours logged doing these repairs. I'm not good at letting cars go, I get too attached, so I fix them. The huge positive here is that I've stayed occupied and kept my mind off of what's going on in the world.

If things do not soon "open up" as we hope, or if there are still restrictions, perhaps we can at least get together to do some sort of "Social Distancing Rally" stopping for carry out somewhere at the end. Let us know if you have any event ideas that might work.

As I wait for the Fed-Ex driver to bring my order of 6mm tubing to continue fixing the wagon, I think of those "essential workers" who are out there during all of this. Hats off to all of you!

Take care and stay safe,  
Marty
